

SAGA UNIVERSITY PROGRAM FOR ACADEMIC EXCHANGE 2017-2018

SPACE (Saga University Program for Academic Exchange) is a special program designed for international students from affiliated universities around the world. It offers a unique curriculum of Japanese language classes and courses in the students' major in English and Japanese. Participating students deepen their knowledge and understanding not only of their major field of study, but also of Japanese society and people, through academic work and meaningful interactions with Japanese students and the local people.

1. Types of Academic Programs

Students choose either the "SPACE-E" or "SPACE-J" program, depending on the student's aim of study in Japan and their preference for language in which to study.

SPACE-E Courses are taught in English. This program is for only undergraduate students.

SPACE-J Students register in regular courses taught in Japanese. Both undergraduate and graduate students can participate.

We recommend that you choose SPACE-J if you already have high Japanese language proficiency and have passed the Level 2 or higher JLPT.

2. Eligibility

Students who meet the following conditions are eligible to apply.

1) Status

- The applicants must be enrolled in full-time degree programs at overseas universities that have concluded a student exchange agreement or memorandum of student exchange with Saga University or are in the process of concluding such.
- The student must be enrolled as a full-time student at the home institution throughout the period of study at Saga University.
- An applicant for SPACE-E must be an undergraduate student who has completed at least two years of study at the home institution.

• An applicant for SPACE-J must have completed at least one year of study at the home institution and be enrolled in either an undergraduate or graduate (Master's) program at one of our partner institutions.

2) Language Proficiency Requirements

SPACE requires exchange students to be proficient in either English or Japanese. SPACE-E: You must submit your TOEFL or IELTS score.

SPACE-J: JLPT N2 or higher. If you are a graduate student, please contact us first.

*1: For a student who is unable to take the JLTP test, SPACE will consider scores in the Japanese language section of the Examination for Japanese University Admission for International Students (日本留学試験, EJU). Please contact our office if you have taken this examination.

* 2: All SPACE-J students will take a placement test after arrival. If the student's Japanese language proficiency is evaluated as at an "intermediate" level, he or she must take in the Bridging Course which provides intensive Japanese language education. At the end of the first semester, all students in the Bridging Course will take a test to determine whether they have obtained sufficient Japanese proficiency to register for regular courses.

3. Number of Students Accepted

A total of 60 students will be accepted for SPACE-E and SPACE- J for the academic year 2017-2018

4. Admissions and Period of Study

Exchange students commence their study either in October or in April.

Duration of study: either one semester or two semesters.

5. Academic Calendar

The academic year at Saga University is divided into spring and fall semesters:

1) 2017 Fall Semester:

Classes	October 2 to mid February
Winter Break	December 26 to January 5

Exams February 7 to 15
 Spring Break February 16 to early April

2) 2018 Spring Semester (tentative):

Classes early April to late July
 Exams late July and early August
 Summer Break early August to September 30

6. Academic Programs and Credits

The SPACE program has a flexible curriculum in which exchange students fulfill their aims by taking courses from their major field of study while learning Japanese language and culture. The minimum coursework requirement for exchange students is 12 credits per semester, or 24 credits per year. At the end of the exchange period, those students who have fulfilled the requirements will receive a certificate of completion from Saga University. We will report the number of the credits that each student has earned to the international affairs division or the equivalent of the home university at the end of each semester. SPACE students who have earned credits are provided with an official academic transcript from Saga University. The student's home institution may determine whether to grant the credits based on this transcript.

(2) Courses in Students' Major for SPACE-J

SPACE-J students can select courses in the student's major area of study with guidance of the academic advisors. Please refer to the following website for searching possible courses in your major.

Students who want to study in the field of humanities and social science don't have to choose any faculties to study in. After reading your essay, we'll decide which faculty you study at.

(3) Japanese Language Courses (available for both SPACE-E and SPACE-J students) *

Saga University offers Japanese six levels of language courses from beginning to advanced. Students are required to take a placement test upon their arrival and will be placed according to their language level. The program offers flexibility and choice, and students are able to gain Japanese skills ranging from a daily life level to an academic level. SPACE students can earn credits after successfully completing these courses.

(4) Interface Subjects of Cross-Cultural Interaction (available for both SPACE-E and SPACE-J students)

OGE (Organization for General Education) of Saga University offers courses for Crosscultural Interaction to international students together with Japanese students. International students should be aware that while they are encouraged to take these courses, the number of available class slots might differ among the classes offered. For example, some courses allow for one-half of the total number of students to be international students with the other half consisting of Japanese students. Other courses conducted in English however will accept only a limited number of international students who are expected to be “English” mentors and help lead the class. How international students enroll and participate in courses vary from course to course. Please read the description of the enrollment for each course for Cross-cultural Interaction at:
